Affordable 37 kW frequency inverter on sale, three-phase 230V, 440V, 480V energy-saving variable frequency drive for 3 phase motor speed controls, high start torque, and high efficiency.

Product Summary: NICGQMQR High-Power Soft Start VFD 3P 380V Input Output Variable Frequency Inverter 75-132KW Frequency Drive for Motor Speed Control Three-Phase 380V ...

The AC900 series inverter is a general high-performance current vector inverter designed to control and regulate the speed of a three-phase asynchronous/induction motor.

ES500A is a versatile high-performance VFD of Epsivo with optimized vector variable-frequency technology. With its high-performance current vector technology, it can ...

Supports 0-3000Hz, but requires additional settings, please contact customer service.

AU400 series 220V to 380V frequency converters are specially developed by us for occasions where three-phase power is lacking. With multiple protection methods and excellent driving ...

The frequency inverter with input frequency 50Hz/60Hz has high frequency resolution, simulation setting: 0.1% of maximum frequency; numerical ...

The frequency inverter with input frequency 50Hz/60Hz has high frequency resolution, simulation setting: 0.1% of maximum frequency; numerical setting: 0.01Hz. Equipped with an LED ...

Engineered for unparalleled reliability and intelligent control, this inverter is the cornerstone of modern industrial automation, offering precise motor speed regulation, significant energy ...

380v high frequency inverter
