Your specialist custom lithium-ion battery pack manufacturer. We design and manufacture custom lithium battery packs for diverse industries.

We offer energy storage solutions, including battery modules, portable power supplies, and systems for residential, commercial, industrial, and utility-scale applications. Our products ...

As a certified OEM/ODM battery pack specialist since 2007, we transform your complex power challenges into reliable, market-ready battery solutions. With over 6,000 successful projects, ...

Technological advancements are dramatically improving solar storage container performance while reducing costs. Next-generation thermal management systems maintain optimal ...

We are a full-service custom battery manufacturer with full design and engineering capabilities. Our team has extensive experience with lithium-ion, lithium polymer, nickel metal hydride, ...

A 72V lithium battery is a high-voltage energy storage unit with a nominal voltage of 72 volts, designed for applications requiring robust power output and efficiency. [pdf]

As a trusted battery pack manufacturer, we have more than 120+ years of collective experience in custom battery pack design and battery distribution. Our expertise allows us to support even ...

With over 20 years of experience, NPP Power specializes in custom lithium battery pack manufacturing. We provide tailored energy storage solutions that ensure efficiency, safety, and ...

Our expertise extends to the design and manufacturing of specialized lithium battery storage containers,
