Located next to a photovoltaic park within Balkan Industrial Park, it is part of the country's first closed licensed power distribution ...

Our project integrates a 60 MW battery energy storage system (BESS) into the Balkans' largest private solar power plant, FEC Novaci. Currently under construction, the facility will be ...

Three years ago, SCU deployed the country's first 40ft containerized energy storage system at a solar farm in Bulgaria, setting a ...

Three years ago, SCU deployed the country's first 40ft containerized energy storage system at a solar farm in Bulgaria, setting a precedent for large-scale industrial and ...

The deployment of battery energy storage systems (BESS) across Southeast Europe is progressing at an uneven pace. State ...

What is a containerized energy storage system?The Containerized energy storage system refers to large lithium energy storage systems installed in sturdy, portable shipping containers, which ...

Located next to a photovoltaic park within Balkan Industrial Park, it is part of the country's first closed licensed power distribution system. The Bulgarian city of Lovech, ...

YESS Power, together with China-based Cubenergy and under the investment of Mey Energy, is building a 60 MW battery energy storage system (BESS) that will be fully ...

Kosovo's new energy storage project isn't just about storing electrons--it's about securing energy sovereignty
