Who won a capacity market auction in Belgium?

Image: Tinne Van der Straeten via Twitter. New-build battery storage projects from three developers totalling 357MW were among resources awarded contracts in Belgium's latest capacity market auction. Belgian grid operator Elia announced the results of its Capacity Remuneration Mechanism (CRM) auction just before the end of October.

Is Giga storage planning a 300MW project in Belgium?

In September, Giga Storage, a BESS developer based in the Netherlands, announced that it is planning a 300MW/1,200MWh project in Belgium which would be connected directly to the transmission network via existing 380kV high-voltage transmission lines nearby. Read more coverage of the Belgian market on [Energy-Storage.news](#).

Is CRM 'supercharging' a battery market in Belgium?

"We are indeed seeing that the CRM is 'supercharging' an already interesting battery market in Belgium.

Why is Belgium's storage fleet growing at a fast pace?

From ESS News Belgium's storage fleet is growing at a fast pace, not the least due to the opportunity to secure contracted revenues via its CRM auctions. On the last day of October, system operator Elia published the results of the CRM auctions held this year, showing that a total of 450 MW of BESS had secured contracts.

The auctions form part of the amendments made to Belgium's power capacity mechanism approved on Tuesday by the European Commission. The amendments were ...

New-build battery storage projects from three developers totalling 357MW awarded contracts in Belgium's latest capacity market auction.

With demand set above available supply, bids fully cleared at a weighted average of EUR25.1k/MW/yr. This enabled CCGTs to lock in revenue early, leaving only ~1 GW left to ...
