The first two phases of Latin America's "largest" solar-plus-storage project, Oasis de Atacama, have been commissioned in Antofagasta, Chile. Announced by ContourGlobal, a ...

The first two phases of Oasis de Atacama, the largest solar power and energy storage project in Latin America, have come on stream in Chile's Antofagasta Region.

Priority funding is directed toward integrated solar-plus-storage demonstration projects in the Atacama Desert, aiming to accelerate the energy transition in northern Chile. The Atacama ...

Built by ContourGlobal - a KKR Group company - Quillagua is a solar power plant with a nominal capacity of 221 MWp and equipped with a 1.2 GWh battery storage system, ...

erano Energy has secured environmental approval to develop and operate the Catalina del Verano solar-plus-storage project in Rancagua, in Chile's O'Higgins region, ...

The first two phases of Oasis de Atacama, the largest solar power and energy storage project in Latin America, have come on stream ...

Discover how solar and storage projects by Zelestra are shaping Chile's grid, enhancing reliability, and driving Chile's energy ...

Discover how solar and storage projects by Zelestra are shaping Chile's grid, enhancing reliability, and driving Chile's energy transition.

The plant contains Battery Energy Storage System (BESS) technology, and uses lithium batteries to store the renewable energy generated by the Coya Photovoltaic Park (180 ...

The first two phases of Latin America's "largest" solar-plus-storage project, Oasis de Atacama, have been commissioned in ...

The project is located in Maria Elena municipality, in the Antofagasta region in Chile. It is expected to be one of the country's largest solar and storage projects once fully operational.

Commercial operation of the power purchase agreement-backed site - which features 221 MW of solar generation capacity and a 200 MW/1.2 GWh battery energy storage ...
