We offer power modules that generate electrical energy (and are ideal for remote locations or areas with unreliable power supply), and combined heat and power units (CHP), which are ...

Originally launched for limited markets in 2021, the 40ft containerized generator sets were engineered for easy transportation, simple installation and are stackable, offering up ...

BIA enhances its power solutions portfolio with Centum(TM) Force, a range of containerized generator sets by Cummins. Designed for rapid deployment and optimized ...

The Centum Force containerized solutions will respond to the power needs of a critical power segments across the 50Hz range including data centers, hospitals, ...

Our line of containerized generators is easily configurable to the needs of any application, from rental to disaster relief to mining -- with a whole host of ...

We're excited to expand this pillar with the addition of Centum(TM) Force, the next generation of containerized generator sets that establish new benchmarks in footprint optimization, layout ...

By maintaining high-quality standards for both the engine and the complete containerized power plant package, we ensure excellent reliability for your power and heat generation needs. Our ...

Our line of containerized generators is easily configurable to the needs of any application, from rental to disaster relief to mining -- with a whole host of value-added standard features, ...

Tell us about your specific require-ments, and our design team will work with you to customize each container
