facts before making a decision

Solar Rebates & Subsidies Solar Inverters Solar Battery Storage Feed-In Tariff Rates If you don't have a solar battery and you don't consume 100% of the energy you generate, it's important to understand your feed-in tariff (FIT) rates. Different energy providers have vastly different rates and means of measuring the energy you feed back into the grid. Do your due diligence and check out our article on FIT rates.
