-----

At Solar Kenya 2025, Hinen unveils the N11000S Off-Grid Inverter, a powerful and flexible solution tailored to the growing energy demands of Africa's off-grid and hybrid energy...

The innovative mounting system is designed to maximize land use and achieve the best possible power generation costs. In operation, the container itself houses all electrical components, ...

At least 20 million people globally improved their energy access through solar energy kits (SEKs) sold in 2024, with this growth almost exclusively driven by sales from ...

At Solar Kenya 2025, Hinen unveils the N11000S Off-Grid Inverter, a powerful and flexible solution tailored to the growing energy demands of Africa's off-grid and hybrid energy ...

MCA Group has installed one of Africa's largest off-grid solar PV and battery energy storage systems to date. The plant provides the ...

Leading off-grid providers like M-KOPA, Sun King, and d.light have deployed millions of PAYG solar systems across East and West Africa. The ability to integrate mobile ...

The project will install advanced microgrids in Madagascar, Niger, Senegal, and a replication site in Ghana. The goal is to provide electricity to 20,000 off-grid consumers by 2027.

The innovative mounting system is designed to maximize land use and achieve the best possible power generation costs. In operation, the ...

At Solar Kenya 2025, Hinen unveils the N11000S Off-Grid Inverter, a powerful and flexible solution tailored

to the growing energy ...

Leading off-grid providers like M-KOPA, Sun King, and d.light have deployed millions of PAYG solar systems across East and West ...

East Africa is home to vast untapped solar potential, particularly in regions with limited electricity access. Countries such as Kenya, Tanzania, and Uganda are increasingly turning to off-grid ...

MCA Group has installed one of Africa's largest off-grid solar PV and battery energy storage systems to date. The plant provides the first major source of electricity to Cazombo, ...
