What is a custom solar panel design tool?

Because it can be difficult to explain all these options over the phone, in an email, or on a webpage, we developed a Custom Solar Panel Design Tool. Customers can use this tool to learn the basic anatomy of a solar panel, some of the customization options available, and create a custom solution that meets their needs.

What is ETFE solar?

ETFE: Economical, waterproof and UV resistant. Solar cells are attached to the substrate and then laminated under heat and pressure by EVA and ETFE. With high-quality materials (there is a difference in the production quality of ETFE and EVA), our ETFE solar panels have an expected life of 7+ years outside.
