-----

Who makes supercapacitor products?

Supercapacitor products are offered by the company under its Industrial Solutions segment. The company's supercapacitor products are used in automotive, energy, and oil & gas applications. Maxwell Technologies

Who are the top ranked supercapacitor manufacturers?

Also, please take a look at the list of 19 supercapacitor manufacturers and their company rankings. Here are the top-ranked supercapacitor companies as of October, 2025: 1. SPEL TECHNOLOGIES PRIVATE LIMITED, 2. Taiwan Zhifengwei Technology Co., Ltd., 3. CDE. What Is a Supercapacitor? What Is a Supercapacitor?

Who created the world's largest 10,000 farad graphene supercapacitor?

Posted: May 07, 2015 by Roni Peleg Sunvault Energy, along with Edison Power, announced the creation of the world's largest 10,000 Farad Graphene Supercapacitor. The companies declared that this development is the most significant breakthrough in the development of Graphene Supercapacitors to date.

Where can I buy supercapacitors & ultracapacitor?

Please try again. Supercapacitors & Ultracapacitors are available at Mouser Electronics from industry leading manufacturers. Mouser is an authorized distributor for many supercapacitor and ultracapacitor manufacturers including Cornell Dubilier, Eaton, Elna, KEMET, KYOCERA AVX, Maxwell, Vishay & more.

Get access to the business profiles of top 26 Supercapacitors companies, providing in-depth details on their company overview, key products and services, financials, recent developments ...

Get access to the business profiles of top 26 Supercapacitors companies, providing in-depth details on their company overview, key products and ...

Medium and large supercapacitors are a type of electrochemical energy storage that can store and release electrical energy quickly. They are offered in different sizes or capacitance ranges.

As a pioneer in manufacturing supercapacitors, its products range from coin, winding, and combined-type supercapacitors to module and high-temperature supercaps and hybrid ...

Our Hybrid SuperCapacitor cells combine the power density, high cycle capabilities and long life of electric double-layer capacitors (EDLC) ...

The company specializes in the design and manufacturing of high-performance supercapacitors and energy storage solutions, catering to various industries including ...

Our Hybrid SuperCapacitor cells combine the power density, high cycle capabilities and long life of electric double-layer capacitors (EDLC) construction with higher energy density approaching ...

This article profiles the top 10 global supercapacitor manufacturers providing state of the art ultracapacitor cells and modules catering to varying energy, power density and form factor ...

Sunvault Energy, along with Edison Power, announced the creation of the world's largest 10,000 Farad Graphene Supercapacitor. The companies declared that this ...

We have selected 10 standout innovators from 150+ new supercapacitor companies, growing the industry with electrical double-layer capacitors, ...

We have selected 10 standout innovators from 150+ new supercapacitor companies, growing the industry with electrical double-layer capacitors, graphene-based supercapacitors, and more.

The company's supercapacitor product line, marketed under the DLCAP Series, is widely used across automotive, industrial, energy, and consumer electronics sectors.
