Does container management sell as-is condition containers?

Container Management, Inc. does not sell As-Is condition containers. Choosing the right size is critical as it impacts both cost and usability. The 20-foot, 40-foot, and 40-foot High Cube containers are the most common sizes for shipping containers that are to be used for export shipment or for storage.

How much does a 40 ft shipping container cost?

Used 40ft shipping containers cost on average \$2,000 to \$4,500 for standard and \$2,500 to \$5,000 for a 40 ft high cube, while new 40ft containers cost \$3,500 to \$6,500 and \$4,000 to \$7,000, respectively. Use our public search tool to compare prices and find the perfect shipping container for your needs.

Can a CW container be certified for export shipping?

CW containers can be certified for export shipping, meaning they can withstand the rigors of sea travel, and all of the major steamship lines will accept them for transit on their ships. WWT containers cannot be certified for export shipping, but are ideal for storage as they are sealed against wind and water.

What size shipping container do I Need?

Choosing the right size is critical as it impacts both cost and usability. The 20-foot, 40-foot, and 40-foot High Cube containers are the most common sizes for shipping containers that are to be used for export shipment or for storage. Both sizes are large enough to hold a substantial amount of freight and fit into loading slots on container ships.
