-----

Discover Nepal Kathmandu Solar Project, providing innovative and sustainable energy solutions. Learn how we are transforming communities with reliable, clean solar power and supporting a ...

"This transformative project will revolutionize industrial energy use by replacing polluting diesel generators with a large-scale, solar ...

SunContainer Innovations - Imagine a city where streetlights dim during peak hours while hospitals rely on diesel generators. This isn't fiction - Kathmandu's power demand grew 18% ...

Gham Power, in collaboration with Practical Action and Swanbarton, has been awarded a project by the United Nations Industrial Development Organisation (UNIDO) to ...

The World Bank is inviting consultants to submit proposals for a technical study on a 350 MW to 400 MW solar project with battery energy storage in Tunisia. The deadline for applications is ...

"This transformative project will revolutionize industrial energy use by replacing polluting diesel generators with a large-scale, solar-powered battery storage system," said ...

Photovoltaic hybrid systems offer Kathmandu a path to energy independence while supporting Nepal's 2025 Renewable Energy Vision. As technology advances and costs decline, these ...

This groundbreaking project will replace polluting diesel generators with a large-scale battery storage system powered by solar energy.

The global solar storage container market is experiencing explosive growth, with demand increasing by over 200% in the past two years. Pre-fabricated containerized solutions now ...

This pioneering project is set to transform industrial energy use by replacing polluting diesel generators with a large-scale battery storage system powered by solar energy.

Take Nepal's first solar-storage PPA signed last week - a 25-year deal guaranteeing 14% IRR through monsoon/winter price arbitrage. As Asian Development Bank's energy lead Priya ...
