It has been confirmed that LG Energy Solution and global private equity firm Kohlberg Kravis Roberts (KKR) have joined forces for ...

What is a Bess system?At the heart of WEG's BESS solution is an advanced energy control and management solution. This sophisticated system coordinates different operation modes, ...

KEPCO, South Korea's biggest electric utility, has welcomed the start of commercial operations at a portfolio of large-scale battery energy storage system (BESS) assets.

South Korea is in the midst of the world's largest BESS frequency regulation project. The target is to install 500MW by 2017. In addition to enhancing the efficiency of the ...

KEPCO, South Korea's biggest electric utility, has inaugurated a portfolio of large-scale battery energy storage system (BESS) assets.

This study examines the role of policy in advancing BESS development in China, South Korea, and Japan, where lithium-ion battery production and supply are improving.

As part of its ambitious energy transition, South Korea is launching a major procurement effort for battery energy storage systems (BESS), seeking to add 540MW of new ...

It has been confirmed that LG Energy Solution and global private equity firm Kohlberg Kravis Roberts (KKR) have joined forces for the battery energy storage system ...

Korea East-West Power announced on the 18th that it will finally approve the 140 megawatt-hour (MWh) Jeju
