KEPP GENSET is the first commercial-ready magnetic-drive power generator. No fuel, zero pollution emissions, clean energy, expandable and scalable power generation solution.

What is a containerized energy storage system?The Containerized energy storage system refers to large lithium energy storage systems installed in sturdy, portable shipping containers, which ...

Technological advancements are dramatically improving solar storage container performance while reducing costs. Next-generation thermal management systems maintain optimal ...

Next-generation battery management systems maintain optimal operating conditions with 45% less energy consumption, extending battery lifespan to 20+ years. Standardized plug-and-play ...

Our 20 and 40 foot shipping containers are outfitted with roof mounted solar power on the outside, and on the inside, a rugged inverter with power ready battery bank.

Magnetic drive chemical pumps are a solid choice for flow batteries and have had a proven track record in flow battery applications for more than 25 years. The durable design will ...

As Angola transitions toward renewable energy, large-scale battery storage systems are becoming critical for grid stability. Discover how Luanda's infrastructure projects leverage ...

A solar power container is a pre-fabricated, portable unit--typically housed in a standard shipping container--that integrates photovoltaic panels, inverters, battery storage, ...

We have deployed Solar Power Container units at three of our mines and the results have been outstanding.
