The selected projects range from large-scale battery systems to industrial thermal storage and new pumped-hydro plants, reflecting both the technological maturity of the sector ...

It focuses on technologies like standalone battery energy storage systems (BESS), pumped hydro energy storage (PHES), and thermal energy storage. The program supports ...

But here's the thing - Spain's betting big that storage will cement its position as Europe's renewable leader. With neighboring countries like Portugal and France eyeing similar reforms, ...

Welcome to Madrid's energy landscape, where solar power and energy storage solutions are rewriting Europe's renewable playbook. With Spain aiming for 22.5GW of energy ...

It focuses on technologies like standalone battery energy storage systems (BESS), pumped hydro energy storage (PHES), and ...

To further reduce its carbon footprint and enhance the efficiency of electricity generation, Bioforestal has embarked on a project to integrate photovoltaic (PV) and battery energy ...

The Solarplaza Summit Energy Storage Spain returns to Madrid to provide a high-level platform for knowledge sharing, networking, and strategic discussions on how to shape ...

The scheme aims to deploy between 2.5 and 3.5 gigawatts (GW) of new storage capacity, enhancing the flexibility and resilience of the national power system while enabling ...

Spain has taken a decisive step in strengthening its energy infrastructure with the launch of a EUR700 million

support scheme aimed at expanding large-scale energy storage ...

Successful applicants will receive up to 85% of their civil works, storage systems, auxiliary equipment, and system costs for grid ...

Successful applicants will receive up to 85% of their civil works, storage systems, auxiliary equipment, and system costs for grid-connected battery, pumped hydro, and thermal ...

The European Commission has approved a new aid scheme that will allow Spain to deploy large-scale electricity storage, both in hybridisation with renewable energy facilities ...
