How to negotiate the price of concrete mixing plant?

Negotiation between buyer and seller is very important and has great influence on the price of concrete mixing plant. If you have decided on the model, you can come to the factory to negotiate the price. We, Amicus Group, warmly welcome your visit. Local regulations, taxes, and transportation costs can influence the final price.

What types of aggregate storage bins are available?

Extra hoppers, feed bins, weight bins, and even overhead aggregate bins are all available in custom and standard designs. Save yourself the hassle of contacting multiple manufacturers to locate the aggregate storage bins your concrete plant needs.

Where can I buy a hopper & bin for a concrete batch plant?

JEL Concrete Plants produces custom hoppers and bins for concrete batch plants nationwide. We happily serve customers in Arizona, Pennsylvania, Washington, Iowa, Colorado, Virginia, Oklahoma, Wisconsin, Minnesota, Michigan, Texas, California, Florida, New York, Illinois, Georgia, North Carolina, Ohio and beyond.

What is the price relationship of the stationary concrete batching plant?

Because the model number represents the output of the concrete batching plant per hour, the bigger the number, the bigger the output, the higher the price of the equipment. We have AJ-25, AJ-35, AJ-50, AJ-60, AJ-75, AJ-90, AJ-120, and AJ-180. The price relationship of the stationary concrete batching plant is roughly as follows:

The LPC stationary modular concrete batch plant offers custom design and lower shipping costs. It can fit inside shipping containers and has a wide selection of plant features to meet ...
