We design a solar container that fits your needs and send you a personalized quote.

The mobile solar containers and portable solar chargers are designed with easily foldable solar panels which makes them ideal for remote areas and versatile applications like mining, ...

The mobile solar containers and portable solar chargers are designed with easily foldable solar panels which makes them ideal for remote areas and ...

Revolutionary mobile solar energy systems with 40% higher energy density. Deploy in under 6 hours and cut energy costs by up to 70% compared to diesel generators.

LZY mobile solar systems integrate foldable, high-efficiency panels into standard shipping containers to generate electricity through rapid deployment generating 20-200 kWp solar ...

We offer two types of solar containers that differ in design and power output. Besides our flagship, auto-foldable container, ...

123eSolar designs mobile solar generators with integrated battery storage and optional diesel backup for off-grid power. Our smart energy trailers deliver 120V/240V split-phase AC, ...

Ready to Transition Beyond Diesel? Discover the next generation of mobile, autonomous clean power. MOBISMART integrates solar, fuel cells, and batteries into hybrid systems that deliver ...

Our 20 and 40 foot shipping containers are outfitted with roof mounted solar power on the outside, and on the inside, a rugged inverter with power ready battery bank.
