What is a foldable container home?

Designed for quick setup and easy transport, this innovative structure unfolds into a fully functional home in minutes--no heavy construction required. Unlike traditional housing, the Foldable Container Home is built from specially engineered materials, not recycled shipping containers, ensuring enhanced comfort, safety, and durability.

What is a solar panels on shipping container?

It not only transports the PV equipment, but can also be deployed on site. It is based on a 10 - 40 foot shipping container. Efficient hydraulics help get the solar panels ready quickly. Due to its construction, our solar panels on shipping container offers unmatched flexibility and maneuverability.
