Are you passionate about energy storage, quality assurance, or accounting? At ION, we bring together diverse talent across these areas (and more!) to build the future of ...

American battery startup Peak Energy and energy developer Jupiter Power have teamed up to deploy grid-scale sodium-ion batteries. It's a big step forward for the nascent--and in some ...

Explore the top 6 sodium-ion battery companies in 2025 driving sustainable energy forward with groundbreaking innovations.

Another US energy storage startup, Inlyte, is still on track to begin domestic production of its new sodium-iron battery formula. Lights Out For The Natron Sodium Battery ...

Two battery companies are joining forces with a plan to deploy energy storage systems in the US that rely on sodium-ion technology.

Peak Energy debuts the US's first grid-scale sodium-ion battery, cutting costs and boosting reliability with passive cooling tech.

BATRI Ltd, established in 2020 in Bridgend, Wales, pioneers sustainable sodium-ion battery technology for energy storage. Specializing in low-cost, eco-friendly solutions, it ...

American battery startup Peak Energy and energy developer Jupiter Power have teamed up to deploy grid-scale sodium-ion batteries. It's a big step forward for the ...

Top sodium ion battery companies like CATL, Natron Energy, and Faradion, leading in renewable energy
