Which energy company is building New Zealand's first grid-connected battery energy storage system?

Meridian Energy is building New Zealand's first large-scale grid-connected battery energy storage system (BESS) at Ruakaka on North Island. In January 2023, Saft, a subsidiary of TotalEnergies, has been awarded a major contract by Meridian Energy to construct New Zealand's first large-scale grid-connected BESS.

Which Sungrow distributors are authorised in NZ?

Rise Energy is now an authorised Sungrow distributor in NZ, giving installers reliable access to stock, technical support and training across residential, commercial and C&I projects. The Raython M10/15 is a pre-configured all-in-one solar storage solution offering 10-15kW capacity, expandable to 45kW.

Why do you need energy storage systems?

Our energy storage systems are compatible with storing energy from renewable sources, making them an ideal solution if you want to reduce fuel consumption of a diesel generator, add reliability to a hybrid system or microgrid, or to simply optimise your business case through smart energy management - our solutions are at your service!

scale battery energy storage system (BESS). Confirmed yesterday (19 September), the 2-hour duration BESS will be installed at Huntly Power Station on the country's North Island

Discover all relevant Energy Storage Companies in New Zealand, including Alpine Energy and Fern Energy Ltd

Saft lithium-ion technology will provide 100 MW power and 200 MWh storage capacity to support grid stability as intermittent wind and solar power increases in New Zealand

Ernest Energy provides turnkey solar and battery energy storage systems (BESS) tailored for New Zealand's commercial and agricultural sectors. Our integrated solutions reduce energy ...

24/7 Battery Storage Service, Risk-Free Plug & Play Industrial Battery Energy Storage Systems Flexible Contracts Modular and Scalable Battery Energy Storage Here at Aggreko, we understand that every business in New Zealand has different needs and requirements - which can also change at the drop of a hat. Which is why our battery storage units are mobile, modular and scalable to match those changing needs. Single units can be easily combined into an integrated energy storage system to deliver the power ... See more on aggreko.
