These battery packs are widely recognized for their unique combination of safety, performance, and longevity, making them suitable for an extensive range of applications, from ...

Contact us for more information about our lithium iron phosphate design and assembly services. We are here to help you meet your custom power ...

Cell-Con will provide a custom Lithium Iron Phosphate smart battery assembly that utilizes SMBus, CANbus, or I2C for communication between the host device, battery, and charger.

Designed as a lighter-weight, longer-lasting replacement for lead acid batteries, our LiFePO₄ battery packs offer superior performance and durability.

Designed as a lighter-weight, longer-lasting replacement for lead acid batteries, our LiFePO₄ battery packs offer superior performance and ...

Source top-tier lithium iron phosphate solutions from an industry-leading manufacturer. Our A-grade LiFePO₄ cells and custom battery packs meet strict international certifications (UN38.3, ...

Our LiFePO₄ Battery Pack with Grab Handle range meet the same safety standards as the tracer LiFePO₄ Battery Packs and are ideal for powering motors and where a higher output current ...

They may be configured in series, parallel or a mixture of both to deliver the desired voltage, capacity, or power density. Packs are identified by cell size, number of cells, battery structure, ...

Built with lithium iron phosphate technology, these battery packs offer exceptional safety, stability, and up to
