Is PGE Polska Grupa Energetyczna building a battery energy storage system?

Polish utility PGE Polska Grupa Energetyczna (WSE:PGE) has signed a contract with the local unit of Korean battery major LG Energy Solution for the construction of the 262-MW/981-MWh Zarnowiec battery energy storage system(BESS). Energy storage battery. Photo by Anna Vasileva

What happened at Poland's capacity market auction?

The results of Poland's recent capacity market auction have been revealed, with a clearing price significantly lower than the previous years and IPP Greenvolt saying it won the lion's share of around 1.7GW of BESS awarded contracts.

Who runs the Polskie Sieci Elektroenergetyczne (PSE) substation?

By Silvestros Vlachopoulos, Storage Research Manager and Jon Ferris, Head of Storage and Flexibility Research at LCP Delta. A substation run by Polskie Sieci Elektroenergetyczne, or PSE, Poland's transmission system operator (TSO). Image: Polskie Sieci Elektroenergetyczne

LG Energy Solution was selected to build the battery in a tender procedure in January. The facility will be located in the northern Pomeranian province, ...

The results of Poland's recent capacity market auction have been revealed, with a clearing price significantly lower than the previous years and IPP Greenvolt saying it won the ...

In Poland, one of our customers took modular storage to the next level -- building a custom cabinet for 4 Hi-5 battery modules. The result is a clean, seamless setup that not only saves ...

The results of Poland's recent capacity market auction have been revealed, with a clearing price significantly lower than the previous ...

The database tracks the deployment of storage across 28 countries, detailing the companies involved in each project and their role, as well as project technologies, milestones, ...

A group of Polish mountain rescuers needing immediate power during a blizzard. Instead of bulky generators, they whip out suitcase-sized battery units - Poland's portable ...

Such a clearing price rendered gas projects uneconomical and left significant room for battery storage systems to secure contracts. The Polish capacity market auction for 2029 ...

The database tracks the deployment of storage across 28 countries, detailing the companies involved in each project and their role, ...

Polish state-owned energy company PGE Group announced a tender for the construction of a battery energy storage facility in ?arnowiec, which is likely to become the nation's largest once ...

Imagine a world where your home battery cabinet earns crypto by selling stored solar power during peak hours. With current R& D pipelines, this isn't sci-fi - it's Tuesday afternoon at your ...

The move, approved on October 3, 2024, will aid Poland's shift away from fossil fuels and enhance its ability to integrate renewable energy into the national grid.

The planned investments will help diversify the utility's storage portfolio. It plans to build six large-scale battery storage facilities with a total capacity of more than 4 GWh.
