We are proud to have delivered a 250kW three phase off grid solar system for a luxurious five-star resort located on a private island in Panama. The resort, featuring 20 high-end guest rooms, ...

The container battery energy storage system effectively stores energy from solar and wind sources, enabling greater renewable penetration and grid stability. This makes our solutions ...

From portable units to large-scale structures, these self-contained systems offer customizable solutions for generating and storing ...

Sunchees offers solar systems for hotels, resorts, and hospitality businesses. Save energy costs, ensure 24/7 power, and support sustainable tourism with our off-grid and hybrid solar kits.

From portable units to large-scale structures, these self-contained systems offer customizable solutions for generating and storing solar power. In this guide, we'll explore the ...

With a power output of 250KW and 860kWh of lithium battery storage, this system is designed for intensive operations where space, mobility, and ...

Chennuo's 250kW/500kWh model utilizes a standardized container design. This design philosophy not only facilitates easy road transport and on-site hoisting but also ensures ...

The local control screen can achieve diversified functions such as system operation monitoring, energy management strategy development, equipment remote upgrading, etc.

The system is a mobile energy storage system (large charging bank) composed of energy storage inverter,
