-----

We are offering mini renewable power stations in a Off-Grid shipping Container ready to be deployed worldwide. These include solar PV panels and mountings.

Our AC/DC Outdoor UPS(TM) back-up systems provide a complete, uninterruptible power supply that integrates quickly with batteries, loads, and monitors. DC systems are available in 12, 24 ...

This backup battery power supply is designed for use during outages and unsafe voltage fluctuations, and acts as a surge protector with battery backup in the event of ...

Our AC/DC Outdoor UPS(TM) back-up systems provide a complete, ...

The Outdoor 3.42MWh Battery Solar Storage Container System combines high-capacity battery storage with solar power for efficient, off-grid energy solutions. Designed for durability, it ...

When the Sun goes down, the batteries discharge, providing uninterrupted power to the site. Built-in, ready to go inverters provide a 120V/240V output to either an electrical panel or to standard ...

This backup battery power supply is designed for use during outages and unsafe voltage fluctuations, and acts as a surge protector ...

Discover our range of innovative solar panels on shipping container products engineered to meet your renewable energy needs with maximum ...

The Bluesun 20-foot BESS Container is a powerful energy storage solution featuring battery status monitoring, event logging, dynamic balancing, and advanced protection systems. It also ...
