Smart modular batteries integrated in the UPS cabinet optimize footprint and ensure critical loads have highly predictable runtimes. Start-up service is ...

A wide selection of different input and output voltages are achieved using built-in transformers or matching series auxiliary cabinets. The highly reliable 4400 Series offers total front access with ...

The Legrand KEOR MOD RI Rackmount 25kVA / 25kW 3/3 Modular UPS is a 3rack mounted 3phase uninterruptible power supply for server rooms and data centre applications from ...

The 4200FA Series is a state-of-the-art designed UPS to meet all customers needs. The 4200FA Series has the largest input voltage/frequency window in the industry. This allows the unit to ...

The power capacity is from 25 to 200kVA/kW, it's the ideal choice for modern data center. With the latest IGBT three-level and full DSP control technology, the new MTI250 series delivers ...

A wide selection of different input and output voltages are achieved using built-in transformers or matching series auxiliary cabinets. The highly ...

Arimon battery cabinets are designed to accommodate battery monitoring solutions from a variety of manufacturers or work with our engineering team to customize a solution specifically for ...

Smart modular batteries integrated in the UPS cabinet optimize footprint and ensure critical loads have highly predictable runtimes. Start-up service is included to optimize your system's ...

The power capacity is from 25 to 200kVA/kW, it's the ideal choice for ...
