-----

Mozambican regulator Autoridade Reguladora de Energia (Arene) has issued a request for proposals (RfP) for independent power producers (IPPs) to develop and install solar PV and ...

Mozambique's Energy Regulatory Authority (ARENE) is running a tender for the development of minigrids comprising of solar and battery energy storage systems (BESS).

Technological advancements are dramatically improving solar storage container performance while reducing costs. Next-generation thermal management systems maintain optimal ...

Mozambique's Energy Regulatory Authority (ARENE) has launched a tender for the development of hybrid minigrids that integrate solar power and battery energy storage ...

Mozambique's Ministry of Mineral Resources and Energy has kicked off a tender for the development of decentralized solar and battery storage systems in the provinces of Nampula, ...

Mozambique's energy sector is transforming, driven by a new solar tender from MIREME and ARENE for decentralised solar and ...

Mozambique is rapidly emerging as a leader in renewable energy integration, with energy storage power stations playing a pivotal role. Discover how this African nation is tackling energy ...

A country where 58% of rural communities still live off-grid while massive solar potential literally bakes underfoot. Enter Mozambique's energy paradox - and the game ...

Summary: Mozambique has launched a groundbreaking photovoltaic energy storage project to address energy
