How do I choose the best solar inverter?

Choosing the best solar inverter comes down to efficiency, voltage performance, warranties, and price. We looked at all these factors in dozens of models featured on the EnergySage Marketplace to determine the best inverters of 2025. Five brands stood out: SolarEdge, Tigo, Enphase, Hoymiles, and Schneider Electric.

Which solar inverter should I buy in 2025?

Every solar system needs some kind of inverter to convert sunlight into usable electricity. CNET experts have compared the most popular solar inverters' specs, warranties, prices and more. The SolarEdge Home Wave Inverter is our top pick in 2025.

What are the best commercial solar inverters?

Recommended reading for commercial solar inverters: Best Commercial Solar Inverters String inverters, which you may also see referred to as centralized inverters, are the most common, and often the most cost-effective, type of inverter. Your solar panels are arranged in rows or groups called strings.

What is the most expensive solar inverter?

Unsurprisingly, that top-notch technology comes at a price. EnergySage data from the second half of 2024 shows that solar panel systems with this SolarEdge inverter cost \$2.90 per watt (that includes the inverter and solar panels), making the Home Hub the most expensive inverter on our list. 2. Best voltage performance: Tigo EI Inverter TSI-7.6
